

Pumpkin's Potholders

1 or 2 of 8" squares or even two of your favorite blocks

Insul bright batting 8" square

warm N' natural batting 8" square

If you use a block square, at this time you can embroidery on it

Layer the 4 layers together as follows:

**back piece right side up
top right side down
the two battings on top**

Take a piece of fabric to make a little loop and put in between the front and back pieces loop part on the inside, so when you turn it outside right, the loop will be on the outside for hanging

- stitch around leaving about 2 to 3" opening to turn inside right**
- clip the corners after all sewn together and before turning inside right**
- whip stitch opening closed**
- then sew about a 1/4"to 1/2" from the edge topstitching**

Now you are ready to make a bunch more!
